

Sales on Library Premises

The Board delegates authority to the CEO to approve any items deemed to be for charitable or other purposes in the Library.

The sale of books or related items is permitted by authors or other guest speakers invited by staff to speak at the Library. Such sales must be conducted at the event only by the speaker or by a local bookseller selected by the publisher or author.

Works of art may be accepted for display in the Library on the condition that the Library is not held responsible for any loss or damage. Items may not include sale prices.

Approved by the Greater Victoria Public Library Board:

April 27, 1993
