

More to borrow through Libby, by OverDrive

Greater Victoria Public Library patrons can borrow ebooks and audiobooks from our partners Fraser Valley Regional Library (FVRL) and Okanagan Regional Library (ORL) through OverDrive's reciprocal lending agreement. You do not need a separate library card, your GVPL library card also provides access to available ebooks and audiobooks from FVRL and ORL.

Access through Libby

Partner libraries are automatically added for Libby users. When you're searching for a title in Libby, you'll see available copies at both GVPL and our partner libraries FVRL and ORL. If you select a title from a partner library, you'll see a pop-up that alerts you that you are borrowing from another library; tap Continue to borrow.

Access through the OverDrive website

You will see a link to the Partner libraries in the top right corner of gvpl.overdrive.com. Click on it and select the partner library collection you'd like to browse. On the sign in screen, select Greater Victoria Public Library and sign in with your GVPL library card number and password.

Access through Kobo

You can only read checkouts from one library at a time on your Kobo. To read titles borrowed from a partner library, tap More, Settings, then OverDrive. You should see GVPL listed. Tap Remove and select Sign Out. Tap Get Started to add a new library card. Tap Add Library, search for Fraser Valley or Okanagan, and select any branch. Select GVPL from the drop down list and enter your GVPL library card and password. You will then have access to the titles borrowed from the library you logged in as.

Checked out books

If you are using the Libby app you will see a consolidated listing of all your borrowed books from GVPL and our partner libraries.

If you are using the OverDrive website, when you borrow from a partner library, the item(s) will not be listed in your GVPL OverDrive account. You will need to look on the loans shelf in your visitor account through the partner library.

Any actions you can take on an ebook or audiobook checked out from GVPL can also be taken on books from our partner libraries, including renewing if there are no holds.

Holds

You cannot place holds on books at partner libraries, only on GVPL titles. You will only see titles from the partner libraries that are currently available for you to borrow.

Borrowing limits

Each library sets their own borrowing limits; titles you borrow from partner libraries don't count toward your GVPL limit. You can check out up to 10 titles from GVPL as usual, and then in addition check out up to 10 titles from ORL and up to 20 titles from FVRL.
